ABOUT NEVADA STATE REHABILITATION COUNCIL

COUNCIL COMPOSITION

The Council has a minimum of 16 members as required by the Rehabilitation Act of 1973 as amended. The category and current members follow.

 0 State Independent Living Council Representative	 0 Parents Training & Info Center Representative	 1 Client Assistance Program Representative	 1 VR Counselor Representative	 1 Community Rehabilitation Program Representative	 3 Business, Industry and Labor Representatives
 1 Individuals with Disabilities, Advocate Representatives	 1 Current or Former Applicants or Recipients of VR	 0 Native American, Section 121 VR Program	 1 State Educational Agency Representative	 0 State Workforce Investment Board Representative	 1 Designated State Unit Administrator (ex officio)

NEVADA STATE REHABILITATION COUNCIL

ROLES AND RESPONSIBILITIES

The Nevada State Rehabilitation Council (NSRC) is a citizen advisory council appointed by the Governor to serve both as a partner and to provide guidance to the state's Vocational Rehabilitation (VR) Program.

The Council includes people with disabilities, community rehabilitation program staff, vocational rehabilitation counselors, advocates, VR clients and business leaders.

PROGRAM PLANNING

Members engage in strategic planning and provide guidance to promote competitive and integrated employment opportunities for individuals with disabilities.

ASSISTANCE

The Council assists in shaping policy, by guiding and assisting in making thoughtful, participant-focused decisions through needs assessments, consumer satisfaction surveys, and ongoing program evaluations.

BECOME A NSRC COUNCIL MEMBER

For more information on becoming a council member, contact the Rehabilitation Division Administration office at 775-687-6860.

Applications for Gubernatorial appointment to the Council may be found at <http://gov.nv.gov/boards/application-information>.

STATISTICS FOR 2021-2022

MOST COMMON SERVICES

ASSESSMENT

Services provided, and activities performed to determine eligibility for VR services and scope of VR services to be included on the IPE. For example – situational work assessments, community-based assessments.

TRANSPORTATION

Travel and related expenses that are necessary to enable an individual to participate in VR services. Examples include bus and Paratransit passes, fuel assistance and travel (bus) training.

JOB PLACEMENT ASSISTANCE

Working with an internal or external job developer to apply for jobs.

OTHER GOODS & SERVICES

Services not recorded anywhere else. Includes occupational licenses, tools and equipment and initial stocks and supplies for self-employment.

INTERPRETER SERVICES

Sign language or oral interpretation services for individuals who are deaf or hard of hearing and tactile interpretation services for individuals who are deaf-blind.

ON THE JOB SUPPORT

Support services provided to an individual who has been placed in employment to stabilize the placement and enhance job retention. Includes short term or initial job coaching.

MAINTENANCE/SHORT TERM EXPENSES

Monetary support provided for living expenses such as food, shelter and clothing that are in excess of the normal expenses of the individual. Clothing for interviews, uniforms and work shoes are all examples of maintenance services.

ASSISTIVE TECHNOLOGY

Systematic application of technologies, engineering methodologies, or scientific principles to meet the needs of, and address the barriers confronted by, individuals with disabilities. Examples include CCTVs, screen reader software, and hearing aids.

STUDENTS WITH DISABILITIES

What are pre-employment transition services?

Significant changes in the Rehabilitation Act Amendments of 2014 now provide vocational rehabilitation (VR) agencies across the nation with the opportunity to provide expanded services in five specific focus areas to students with Individualized Education Programs (IEP) or 504 plans, whether or not they have applied or been found eligible for VR services.

These services can be provided to groups of students who are eligible or potentially eligible for VR services, and also to students with higher needs who have open cases with VR. Individualized services are carefully planned in coordination with a student's Individualized Education Program (IEP). The services can be provided to students in Nevada starting at age 14, if they have school-based IEP or 504 plans.

Pre-employment transition services focus areas include:

1. Job exploration
2. Work-based learning experiences
3. Exploring opportunities for enrollment in comprehensive or post-secondary educational programs
4. Workplace readiness training to develop social skills and independent living
5. Instruction in self-advocacy, which may include peer mentoring

2.	SE Successful closures	82	95	117

COLLABORATIONS

"Simply, we are just better together."

Nevada VR's ongoing partnership with the Lyon County School District braids funding to improve post- secondary outcomes for students with disabilities in Lyon County by providing them with support, resources and access to college and career pathways.

TheNextStep, is a collaboration with the Carson City School District and VR. The Next Step serves students from 18-22 who are interested in exploring work, having work-based learning experiences and developing their vocational skills in preparation for employment.

Project SEARCH is a collaboration with the Clark County School District (CCSD), BVR and local businesses such as Sunrise and Mountain View Hospitals and the Greer Center at CCSD. In this year long program high school students are assigned to worksites at locations where they can gain work experience by completing several work rotations with support from their teachers and BVR work-based trainers.

SEPHORA

The Sephora Training program is a collaborative training program between VR, Capability Health and Human Services and the Sephora Distribution Center in North Las Vegas. The training lasts 9 weeks, and clients learn soft skills as well as rotate between 3 warehouse/ stocking positions in the warehouse. Once successful, the clients become permanent employees of Sephora. This collaborative program has served 27 clients in the last state fiscal year (7/1/19 – 6/30/20). Of those 27 clients, 24 continue to be employed.

VR has embraced the legislatively-enhanced 700 - Hour Program, which creates employment pathways for individuals with disabilities. These employment opportunities are with state agencies, and afford the employer and employee 700 hours to determine if the individual is a good fit for the job. This program has been highly successful, having placed over 100 individuals in the last year and a half.

COLLABORATIONS

“Simply, we are just better together.”

Pathway to Work is a collaboration with Opportunity Village, Desert Regional Center, and VR. With a placement rate of 96%, Pathway to Work is a work-based learning program offering job coaching support and an extended training for individuals located in the community with Intellectual/Developmental Disabilities (I/DD).

The Starbucks Roasting Plant “Inclusion Academy” started in October 2015 by our Business Services Manager. Selected Vocational Rehabilitation clients are given the opportunity to join a customized pre-employment training program in the Starbucks Roasting Plant in Minden, NV. Clients learn in a classroom setting and hands-on in the workplace. Many are offered positions upon completion of the work-readiness training program. All who complete the program receive a certificate of completion of their bona fide training from this recognized industry leader. Over 40 individuals with disabilities have been hired out of this program, for a 77% success rate.

The Careers, Recreation and Vocational Education (CRAVE) camps held in Southern and Northern Nevada are geared for high school students with disabilities and provide students with hands-on experience with college life, living in the dorms, learning how to navigate the college system, communicating with professors, learning about budgeting for college, time management and job readiness skills.

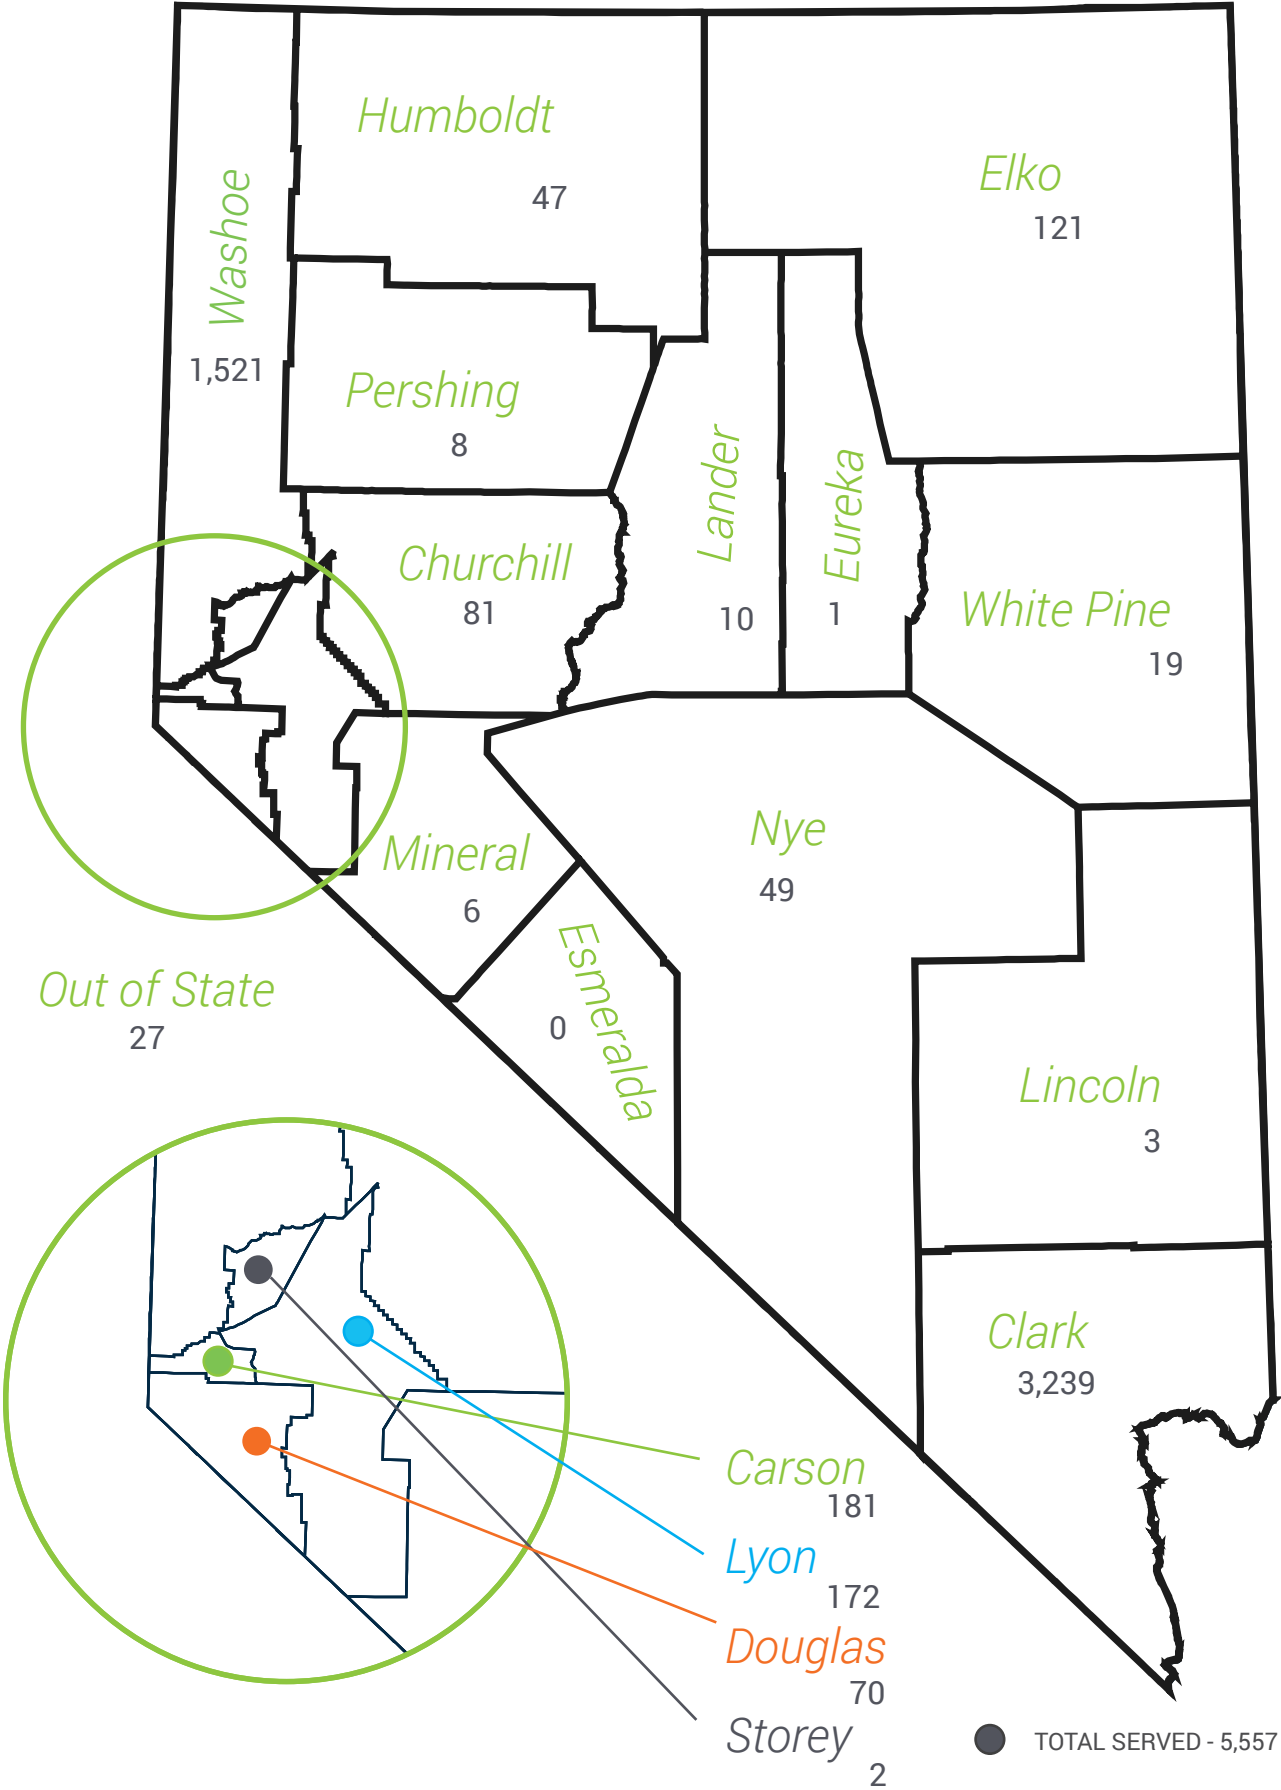

Path to Independence (P2I) is an inclusive, two-year, non-degree certificate Comprehensive Transition Program (CTP) offering a college experience to students with intellectual disabilities. The program has three areas including academics and campus life, employment, and independent living. P2I is a collaborative effort of University of Nevada, Reno’s (UNR) Nevada Center for Excellence in Disabilities (NCED), the UNR Extended Students Department, BVR, Sierra and Rural Regional Centers, and local school districts.

SERVICE MAP 2021-2022

LETTER FROM THE CHAIR

RAQUEL O'NEILL

Raquel O'Neill
Chair of NSRC

The time for vocational rehabilitation is now. Nevadans with disabilities are adapting to impacts from the pandemic, and just like everyone, we are doing our best to find every opportunity to carry on with meaningful lives.

The services provided by our state to assist individuals with disabilities' for seeking and holding employment are critical and lifesaving. Successes are realized everyday by the transition youth who believes in hard work, the adult with newly acquired disability who wants to overcome life's challenges, and the senior who desires to continue to offer their time and talent to the work force. The outcomes in this report are due to the caring commitment of teams across our state who have the courage and tenacity to turn despair into possibility.

It is a continued honor to be a part of this journey with dedicated vocational rehabilitation counselors and Nevadans with disabilities.

*Respectfully,
Raquel O'Neill*

LETTER FROM THE ADMINISTRATOR

DRAZEN ELEZ

The time for vocational rehabilitation is now. We are in transformative times in which we are seeing an unprecedented demand for employees. To maximize the potential of these times, our Business Services Team outreached to 588 employers and participated in and set up 13 outreach events such as job fairs and tours. This helped the agency achieve a 31% increase in successful client employment closures and assisted over 540 individuals with disabilities to find competitive and integrated employment in State Fiscal Year 2022. VR Nevada has accomplished this through commitment to continuous improvement. This is evident in our partnerships which support individuals with disabilities in achieving competitive, integrated employment. These partnerships include the Path 2 Independence (P2I) pilot program with UNR, our partnership with Blindconnect through the Healthy Nevada Grant which taught 23 individuals with blindness and vision loss career readiness, job seeking and soft skills. We expanded Pre-Employment Transition Services in rural schools through the provision of Practical Assessment Exploration System (PAES) labs where students become employees and teachers become employers. These labs assess a student's competitive work potential and interest level, while exploring various jobs, using real tools, and developing proper work behaviors in a variety of work areas. Lastly, in partnership with Nevada Department of Education, Office of Inclusive Education, we have ensured that over 17,000 students with disabilities in Nevada have access to Virtual

Job Shadow. This is a K-12 job exploration and planning platform that prepares students for college and/or career.

In closing, I want to send a special thank you to every VR Nevada employee for their unwavering care, resilience, and dedication throughout this pandemic. We are a stronger performing organization—across all measures—than ever before. I couldn't be prouder of the tremendous progress we've made together. It is one of the largest privileges of my life to lead this organization during these historic times and witness the amazing and transformative work that the talented staff of Nevada VR exhibit daily. Work which at its core helps to improve the quality of life for the Nevadans we serve by achieving economic stability, security, and purpose through employment.

*Respectfully,
Drazen Elez*

TEAM SPOTLIGHT

BUSINESS SERVICES TEAM

The Business Services Team (BST) works collaboratively with local and national business partners to develop strategies that support businesses who want to build and maintain an inclusive workforce. The partnerships with public and private sector businesses help to increase awareness of the benefits of hiring individuals with disabilities.

Businesses call on BST for no-cost disability awareness training, in person and online recruitment tools, information about hiring incentives and job accommodations.

BST also provides employment information, resource materials, technical assistance, and training to the Nevada's BVR Teams statewide, supporting the successful implementation of local employment strategies.

Utilizing the services of the Business Services Team benefits Nevada's Employers in the hiring of people with disabilities.

CLIENT SUCCESS STORIES

FULL STORIES ONLINE

<https://vrnevada.org/success-stories/>

JOSHUA GIURLANI

DETR/ VR Administrative Assistant II

Joshua (Josh) Giurlani came to Vocational Rehabilitation in August of 2020. He worked with his Rehab Counselor to become eligible for services and find a suitable employment goal. His largest barriers to employment include issues with his communication, social skills, and interpersonal relationships resulting from his Autism Spectrum Disorder.

LAWRENCE FAULK

Substitute Teacher - CCSD

Lawrence Faulk applied for BVR services in March 2021. Due to Covid-19, he wanted to start over. He left Ohio and moved to Las Vegas to be closer to his sister. Lawrence was working with Ohio Disability Agency, where he was diagnosed with Bipolar. After going through a 7-month process with CCSD, he was hired at CCSD on Oct 20, 2021, as a full-time substitute teacher.

TANYA CASTILLO FLORES

Teacher - Washoe County School District

Tanya originally enrolled at Truckee Meadows Community College (TMCC) in 2016 in the Associate of Arts degree program in Early Child Education. Tanya maintained a 4.0 GPA throughout her TMCC degree program. She earned an Associate of Arts degree at TMCC awarded on May 18th, 2018.

BRENDAN HANLON

UNLV Student

Brendan applied for BVR services and was deemed eligible in February 2019. Brendan's goal is to obtain his bachelor's degree in criminal justice next year and to obtain employment as a Forensic Scientist.

CLIENT SUCCESS STORIES

FULL STORIES ONLINE

<https://vrnevada.org/success-stories/>

JESSICA LAWSON

Team member at Circus Circus

Jessica Lawson applied for services from the Bureau of Vocational Rehabilitation (BVR) in December 2019. Jessica exceeded expectations in her trainings and after completion was ready for competitive employment. Her patience and dedication led her to find employment at the Adventure Dome at Circus Circus.

JESSICA WHITFIELD

UNR Graduate

Jessica Whitfield graduated with honors from University of Nevada, Reno, with a Bachelor of Social Work on Friday May 13, 2022. Jessica credits her phenomenal success to the counseling and guidance services and unconditional support and encouragement she received from her Voc Rehab counselors.

MICHELLE LACAYANGA

Baker's Apprentice

Michelle's dream was to go to school and learn the bakery trade, but she needed the help of BVR, so her IPE was written for a full-time Pastry Chef. On February 7, 2022, she was hired as a Baker's Apprentice at Suzuya Patisserie located in North Las Vegas.

SEAN BARNHILL

Administrative Assistant I - DWSS

Sean is a success story through the 700 hour program. Sean took everything that was taught and applied his new skills in his employment. Sean was hired on as State of NV – DWSS (Welfare and Supportive Services) Office as an Administrative Assistant I where he continues to thrive.

CLIENT SUCCESS STORIES

<https://vrnevada.org/success-stories/>

HANNAH MCNARY

Cashier and Volunteer at FAWG

Hannah came to Vocational Rehabilitation services in December of 2020. With the help of Expanding Life, Hannah started a job with Out of Egypt as a cashier, and works as a volunteer at FAWG, which cares for stray and abandon cats. Hannah is very happy with her job and feels that she is really giving back to her community.

MRS. W-H

Leader and Mentor

Through services provided under the independent living older blind program, Mrs. W-H received low vision and rehabilitation therapy services to assist her with independence and safety. At present, Mrs. W-H is serving as a leader and mentor in the OM Support Group. She found more self-confidence and lessened her dependence on friends and family to meet her independent living needs.

EMPLOYEE SPOTLIGHT

Marshal Hernandez

Statewide Rehabilitation (District) Manager 1

Marshal first choose to pursue a career in Vocational Rehabilitation as he found need and growth in this vocation. He earned his Master's degree in Rehabilitation Counseling from California State University San Bernardino in 2013.

He began his career in Vocational Rehabilitation in February 2013 as a Vocational Rehabilitation Counselor II at the Reno Corporate Office. Marshal was promoted to VR Counselor III in June 2016 and was again promoted in December 2018 to VR Supervisor. As a supervisor, he managed the VR Carson City and Reno teams and developed strong collaborations within the Carson City School District and in Washoe County. He served as a key representative for VR and VR programs such as early intervention and psychosis for transition-age youths and adults. In March 2022 Marshal was again promoted to his current posting as a District Manager I of the newly formed district 3 which includes all programming within Bureau of Services to the Blind and Visually Impaired (BSBVI) and Pre-Employment Transition Services (Pre-ETS).

As the statewide manager over blind services and Pre-ETS programs, Marshal hopes to ensure all Nevadans with disabilities excel, have a voice, and reach their goals of working in their community by ensuring they have access to resources and supports

to empower themselves and to create a streamlined process for efficiency, accessibility, clarity and unity through the Vocational Rehabilitation process.

Marshal is a talented mentor and continues to serve as a representative of the program to promote and coordinate efforts to achieve goals and objectives for all Nevadans.

VR Nevada provides vocational rehabilitation services to individuals with disabilities to obtain and maintain jobs.

VR Nevada administers the Supported Employment Program to expand employment options for individuals with the most significant disabilities through intensive training, supervision, and other vocational rehabilitation services.

VR Nevada works closely with Nevada's businesses to fulfill their needs for trained and skilled employees in any area of commerce.

VR Nevada helps students with disabilities to successfully transition from secondary school to work or higher education.
