PRESS RELEASE

**For Immediate Release
April 29, 2021**

Beginning May 2, 2021 claimants receiving unemployment insurance benefits must participate in work search activities or training

CARSON CITY, NV - As the state, and the nation, enters a new period of transition and with effective safety mitigation efforts in place, the Nevada Department of Employment, Training and Rehabilitation (DETR) announces a return to the pre-pandemic work search requirement, for all claimants receiving unemployment benefits in both the regular Unemployment Insurance (UI) and the Pandemic Unemployment Assistance (PUA) programs. Work search requirements were relaxed in response to safety measures put in place at the beginning of the pandemic.

Work Search Activity Required

The unemployment insurance program offers temporary, partial wage replacement, and is designed to be a bridge to a return to meaningful work. Beginning May 2, 2021 claimants will need to keep records that they are actively looking for work or participating in an approved training program. More information can be found at EmployNV.gov. For a list of common questions, visit ui.nv.gov and under Help and Resources go to [Top Ten Work Search FAQs](#). See attachment named Top Ten Work Search FAQs.

In advance of the State goal to return to 100 percent capacity by June 1, 2021, economic demand for workers is increasing. "By September the COVID expanded unemployment benefits will expire, and it's critical that we set claimants up for success by offering access to open positions in many industries, or training for a new career," said Elisa Cafferata, Director of the Department of Employment, Training and Rehabilitation.

Training Programs

DETR has created a [database of short term training programs](#) which can be completed by September when the additional federal unemployment assistance is set to expire. For current

unemployment claimants, this training can be free, and it counts toward the work search requirement. A [full list of training programs](#) is available. See attachment named Short Term Training.

Training for high demand occupations ranges from the medical field to truck driving, from workshops that last a few days to certificate programs lasting several months. For more information on registering for these programs see [Nevadaworks](#) in Northern Nevada, and [Workforce Connections](#) in Southern Nevada.

Work Search Activities

Other activities that count toward the work search requirements include, but are not limited to:

- Logging into [EmployNV.gov](#) to search for jobs among a database of ~40,000 open positions. Anyone receiving unemployment benefits (regular UI or PUA) has an existing registration in [EmployNV.gov](#), so there is no need to create a new account.
- Build or update a resume.
- Submit a resume or apply to an open position.
- Use online networking sites, like LinkedIn, or job boards to network with potential employers.
- Participate in a virtual job networking event.
- PUA claimants could update profiles by logging into gig work platforms.

Out of state claimants will be required to register for employment services in their state until further notice. The regular UI program offers a waiver from the work search requirement for union workers who meet the following criteria:

- Claimant is a member, in good standing, of a union with a hiring hall.
- Claimant must provide union name, and union dues expiration date.
- Waiver is only allowable for a hiring hall union.

Help with Work Search

Claimants can access virtual support at the [Nevada JobConnect](#) Offices. For in person support, click here for [Nevadaworks](#) in Northern Nevada, and here for [Workforce Connections](#) in Southern Nevada. There is also in-person support for adult education and literacy programs.

Beginning May 3, 2021 the [Nevada JobConnect](#) website will be updated with a form claimants can use to receive personalized job search and training assistance.

Work search activity must be documented. In regular UI, claimants filing online at [ui.nv.gov](#) will be automatically prompted to record their weekly work search activities including date, business name/contact, business address, work type, method of contact (phone, email, etc.), and results.

PUA claimants can print the [Work Search Activity Record](#) available at ui.nv.gov under the tab “For UI Claimants” to track their work search tasks. Weekly records must be available upon request; failure to provide weekly records may result in delay or denial of benefits.

Work Search Explained

The work search requirement must be a "good faith" effort to find work and the claimant is expected to use reasonable methods and conduct work search activities normal to their occupation. DETR has a number of programs and partners to help claimants with this process including training, adult education and literacy programs, virtual support at the [Nevada JobConnect](#) Offices, and in person support through [Nevadaworks](#) in Northern Nevada, and [Workforce Connections](#) in Southern Nevada.

Suitable work is defined by state law (NRS 612.390) as employment that the claimant has the expected skills and abilities to perform and pays an amount that is normal for that occupation within that industry in the current labor market. Refusing an offer of suitable work is basis for denying unemployment benefits, and claimants will not be denied benefits if they are acting in good faith.

PUA and UI claimants are encouraged to use tools provided through EmployNV.gov as the system will automatically record work search activity.

For more information about acceptable documentation for work search activities, visit ui.nv.gov.

Claimants are encouraged to contact DETR's call centers should they require assistance or have questions.

1. ¿Cuáles son los requisitos de las actividades de búsqueda de empleo para seguir siendo elegible de recibir beneficios de desempleo en Nevada? Después de haya aplicado y se determine que es elegible monetariamente para recibir beneficios de desempleo, usted debe continuar haciendo un esfuerzo constante de encontrar un trabajo adecuado cada semana mientras esté recibiendo beneficios.

2. ¿Qué pasa si no busco trabajo durante una semana que hice un reclamo semanal para beneficios? Su falta de participación en actividades de búsqueda de empleo puede afectar su elegibilidad y puede dar como resultado la negación de sus beneficios.

3. ¿Cómo puedo buscar trabajo cada semana? Puede visitar un sitio de trabajo y completar una solicitud de empleo, o registrarse para un programa de capacitación aprobado. También puede iniciar una sesión en EmployNV.gov para buscar trabajos entre una base de datos de posiciones abiertas. Otros métodos de búsqueda de trabajo incluyen, pero no se limitan a: enviar una solicitud de empleo y/o un curriculum en respuesta a un aviso público o un anuncio de empleo; o utilizar plataformas de talento en línea, sitios de redes profesionales como LinkedIn y bolsas de trabajo en línea como Indeed, CareerBuilder, Monster, etc. Usted debe estar buscando empleo con empleadores que razonablemente se puede esperar que tengan vacantes.

4. ¿Cuáles son los requisitos de las actividades de búsqueda de empleo en Nevada? Usted **DEBE** hacer un buen esfuerzo de "buena fe" para buscar trabajo la mayoría de cada semana que hace un reclamo de beneficios de desempleo y debe mantener un registro escrito con detalles de sus actividades de búsqueda de empleo que hizo cada semana. Debe mantener emails, folletos, páginas de confirmación, y cualquier información sometida electrónicamente como prueba de su buen esfuerzo. Se le puede pedir que provea esta información periódicamente. La falta de proporcionar un registro de actividades de búsqueda de empleo puede dar como resultado la negación de sus beneficios.

5. ¿Cómo puedo mantener un registro de actividades de búsqueda de empleo? Le recomendamos que use registro de actividades de búsqueda de empleo disponible en línea en <http://ui.nv.gov/css>. Usted **DEBE** proveer su registro de actividades de búsqueda de empleo escrito y cualquier otro documento como prueba de su esfuerzo de búsqueda de empleo. Cada registro debe incluir, por lo menos la fecha de contacto, nombre de la compañía, nombre de la persona de contacto, número de teléfono y dirección, que trabajo se busca, método de contacto, y los resultados de la actividad.

6. ¿Necesito registrarme para trabajo en la oficina de Nevada de JobConnect para poder recibir beneficios de desempleo? Los reclamantes no estarán obligados a registrarse para los servicios de empleo en persona en las oficinas de Nevada JobConnect o en cualquier otra oficina local de empleo dentro de su área hasta que estas oficinas hayan reabierto. Actualmente, los reclamantes pueden iniciar sesión en EmployNV.gov y buscar trabajo. Cualquier persona que reciba beneficios de desempleo (desempleo tradicional o PUA) tiene un registro existente en [EmployNV](http://EmployNV.gov), por lo que no es necesario crear una nueva cuenta. Una vez iniciado una sesión, hay trabajos para buscar, información del mercado laboral, un constructor de curriculum e información sobre oportunidades de capacitación.

7. ¿Necesito registrarme para trabajo si no vivo en Nevada? Los reclamantes de fuera del estado estarán obligados a registrarse para los servicios de empleo en su estado hasta nuevo aviso. (NRS 612.375, NAC 612.170)

8. ¿A qué punto debe empezar a buscar empleo? Los requisitos de búsqueda de empleo se relajaron durante la pandemia, y serán requeridos a partir del 2 de mayo de 2021.

9. ¿El estado de Nevada va a revisar mi registro de actividades de búsqueda de empleo? Si, el estado de Nevada verifica las actividades de búsqueda de empleo. En cualquier momento le podemos pedir pruebas de su esfuerzo de búsqueda de empleo, incluyendo documentos de apoyo. Por lo cual, usted debe mantener un registro detallado y preciso sus actividades de búsqueda de empleo semanales incluyendo las confirmaciones de solicitudes de trabajo echas por internet, emails, copias electrónicas de búsqueda de empleo por internet. Ver atrás para más información.

10. ¿Qué pasa si no puedo proveer pruebas de mis actividades de búsqueda de empleo? Es un requisito que mantenga un registro de las actividades de búsqueda de empleo por dos años. El Departamento le puede pedir este registro en cualquier momento y si no lo tiene, usted **DEBERA** proveer una explicación aceptable del porque no tiene esa información. La falta de proporcionar su registro de actividades de búsqueda de empleo puede resultar en la negación de sus beneficios hasta que los requisitos de la ley se cumplan.
