Federal Pandemic Unemployment Compensation (FPUC)

NEW - Updated American Rescue Plan Act (ARPA) of 2021

Federal Pandemic Unemployment Compensation (FPUC) is a federal program that is part of the CARES Act. An extension was authorized under the Continued Assistance Act 2021 to provide benefits from week ending January 2, 2021 through week ending March 13, 2021. ARPA extends the FPUC program to week ending September 4, 2021.

The original FPUC program was for an additional \$600 per week beginning week ending April 4, 2020 through week ending July 25, 2020. **FPUC now provides an additional \$300 beginning the week ending January 2, 2021 through the week ending September 4, 2021, based on each claimant's eligibility.** Additional benefits provided under ARPA may only be paid after week ending March 13, 2021. Claimants must file weekly claims and be eligible for one of the unemployment programs in order to receive the FPUC payments.

ELIGIBILITY:

If you are eligible and collecting benefits for unemployment insurance (UI), PEUC, PUA, SEB, or TRA your claim qualifies you to receive the weekly FPUC payment in addition to your weekly benefit amount.

First week payable for extended FPUC: Week ending March 20, 2021

Last week payable for FPUC: Week ending September 4, 2021

FPUC PAYMENTS:

- Your FPUC payments will be paid via the same method as you receive your UI, PEUC, SEB, PUA or TRA benefits.
- If you receive payments via the Nevada Unemployment Insurance Debit Card, you may check your updated balance and transaction record anytime day or night, even weekends and holidays, by visiting www.bankofamerica.com/nevadauidebitcard.
