

Nevada Unemployment Insurance Notice to EMPLOYERS

Use SIDES for Online Unemployment E-response
and utilize the Employer Self-Service ESS system

Updated 4/29/20

Department of Employment, Training, and Rehabilitation DETR is asking employers filing unemployment insurance information [to sign up for the State Information Data Exchange System \(SIDES\) E-Response.](#)

SIDES E-Response is a fast, secure and standardized way to automate responses for notices to unemployment claims. Once an employer signs on to SIDES E-Response, DETR will deliver all notices to their email address rather than by mail.

Due to the large volume of claims we anticipate due to **COVID-19** business layoffs or closures; this online process will save time. SIDES is especially helpful to those who typically deal with a large volume of unemployment insurance information.

SIDES E-Response gives employers an easy and efficient way to respond to information requests from DETR, saving time and money by:

- Eliminating mail delivery, allowing more time to gather information and respond timely.
- Ensuring complete information is provided the first time, reducing the need for phone calls.
- Reducing paper handling, staff time and postage costs.

DETR is also asking that all employers utilize the [Employer Self-Service ESS](#) online system for filing and making payments. Online filing can be made by going to the employer tab at ui.nv.gov. Additional information pertaining to the electronic filing can be found under Help and Resources by selecting the [Tips for Using the New System](#) link.
